Very thorough & approachable trainer. I found it stimulating & provided confidence to use in practice. Lots of visual and unusual props, such as shakers and a rainbow sheet.

Very informative, great practical and creative ideas. Looking forward to using it as a 6 weekly course and as tasters in Bumps & Babies sessions.

Kathryn Ivil, Aviary Children's Centre, Eastleigh

Lots of ideas to implement and also ways to adapt what we do now as well as the skills to run a 6 week course with parents.

Maya Dempsey, Cobham Sure Start CC Surrey:

Plenty of interactive info to give to parents. The training has been very valuable and inspiring and has given me plenty of new ideas. I have been to MANY baby music groups and this way of organising sessions and giving information on supporting development will work really well.

I recommend assisting with a Boogie Mites led 6 week course to follow on from the one day training course.

The songs are really enjoyable, I can see the parents and children really enjoying them. The training was spot on.

Samantha Moret - Treetops CC, Hampshire
