

Testimonials

“The children and staff at Portsea Day Nursery are really enjoying working with the Boogie Mites music programme. We have noticed a marked improvement in the children’s concentration since we have been using the songs and activities...“The rhythm sticks are a valuable resource for the tapping songs and literacy exercises, they have really benefited a child who doesn’t speak any English, we normally get no language from her but the sticks have helped her tap out children’s names, food, place names etc.” Janet Whitaway and Melissa Warlow – Portsea Community Day Nursery.

Boogie Mites has been an inspirational addition to our nursery schedule. The originality, versatility and range of songs make a refreshing change to our everyday circle of times. The props, instruments and personalities of the staff never fail to captivate the children. As well as having fun the children are taught the basic theories of music and songs including scales, beats and rhythm. The change in our children’s musical awareness never fails to astound us at the end of each session. *Little Tug Boat Day Nursery, Fulham*

The sessions link into planned activities and the foundation stage curriculum, they encourage children’s speech and involve 6 areas of learning. The children look forward to the sessions and enjoy learning new songs and dances, using the props and equipment and even tidying up! Since introducing Boogie Mites sessions (18 months ago) it is amazing how the children’s focus and enjoyment of music has increased. *Anne-Marie Carpenter, The Roberts Day Nursery, Portsmouth.*

“Excellent and original activities that really inspire the children. Very inclusive: our special needs children get a lot from the sessions too - Very different to music sessions that we already have in place”.

Chloe Shaw, Reception Class Teacher, Ravenstone Primary School, Balham.

“As an ex-music teacher, I really love the solid grounding in rhythm and melodies that Boogie Mites provides, but hidden in very infectious and enjoyable songs”.

Mrs Vaughan, Mother, Ravenstone Primary School, Balham.
