

# Core Music Programmes Guide

[www.boogiemites.co.uk](http://www.boogiemites.co.uk)

# Hello there!

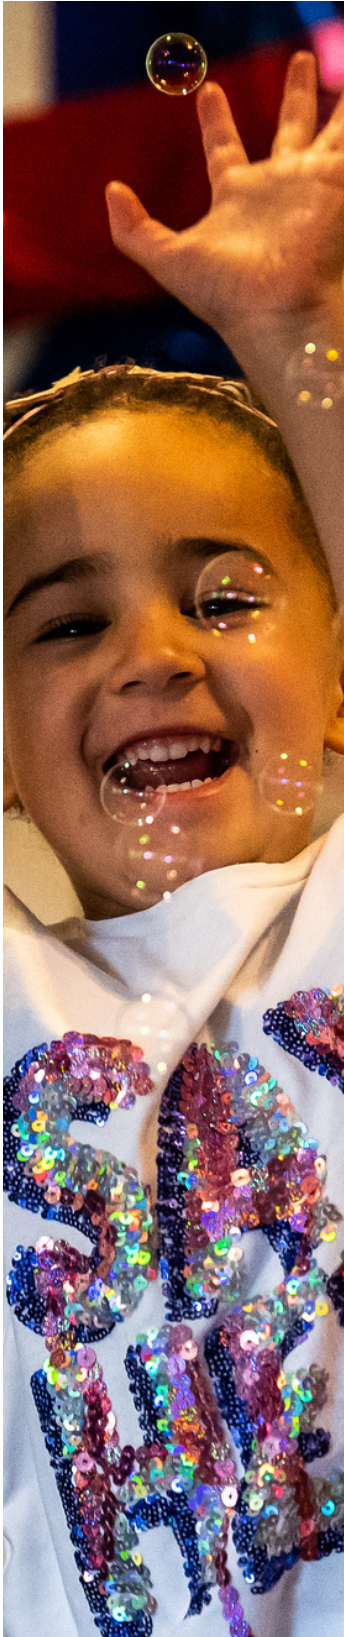

Equip your team to provide rich and varied music experiences with the power to boost cognitive development in young children whilst boosting the health and wellbeing of all involved.

With over 20 years experience delivering early years music workshops, Boogie Mites tried-and-tested music programmes give you the knowledge, confidence and resources to harness the brain-boosting power of music. Watch as the children in your care progress listening, language, social and physical skills, all through fun and engaging music activities you will LOVE to use.

*Harriet Thomas*

Founder and Creative Director

# Core Music Programmes

## SCHOOL READY (3 - 5 YEARS)

23 catchy songs to boost pre-phonics listening and speaking skills. As well as increased phonological awareness, children will develop confidence, physical co-ordination, group learning, social and emotional skills, uplifting everyone involved.

## MINIS (2 - 3 YEARS)

Get inspired with this toe-tapping collection of 23 original and traditional songs. Engage young children in active music making to boost social, emotional, communication and physical skills in line with the 3 Prime Areas of learning and development.

## TEENIES (CRAWLING - 2YEARS)

The 20 songs on the Boogie Mites Teenies Music Programme create a holistic context for very young children to develop relationships, explore sound making and practice fine and gross motor skills through fun music activities.

# Online Training
